

NEW BDS3000 an Electronic Differential Switch

Barksdale expands its Generation 3000 capability

Applications

- Filtration systems
- Pump & compressor monitoring
- Fluid leak detection
- Food & beverage
- Engine monitoring
- Machine tools
- Hydraulic power units
- Metal working
- Utility and power generation
- Air proving in HVAC systems

BDS3000

Electronic Differential Pressure Switch

- ▶ Differential switch, transmitter, and gauge all in one
 - ▲ 1 or 2 switch points
 - ▲ Analog output 4-20mA or 0-10V
 - ▲ Electronic gauge / display
- ▶ Available up to 500 PSI working differential pressure
- ▶ Up to 2,500 PSI common pressure
- ▶ 0.5% accuracy
- ▶ IP67 enclosure rating
